The Owner may consider informal any bid not prepared and submitted in accordance with the provisions hereof, and may waive any informality or reject any and all bids. Any bid received after the time and date specified shall not be considered.

### QUALIFICATIONS OF BIDDERS

The Owner may make such investigations as he/she deems necessary to determine the ability of the Bidder to supply the necessary distribution and collection systems materials, and the Bidder shall furnish to the Owner all such information and data for the purpose as the Owner may request. The Owner reserves the right to reject any bid if the evidence submitted by, or investigation of, such Bidder fails to satisfy the Owner that such Bidder is properly qualified to carry out the obligation of the contract by supplying the distribution and collection systems materials contemplated therein. Conditional bids will not be accepted.

### METHOD OF AWARD - LOWEST QUALIFIED BIDDER

If at the time this contract is to be awarded the lowest base bid submitted by a responsible Bidder does not exceed the amount of funds then estimated by the Owner as available to finance the contract, then the contract will be awarded on the bid. If such bid exceeds such amount, the Owner may reject all bids or may award the contract on the lowest bid with such deductible alternates to produce a net amount that is within the available funds.

**Award(s) may be based on the low evaluated bidder per schedule.**

In evaluating bids, the Water and Sewer Department will consider the distribution and collection systems materials quality and workmanship, durability and maintenance costs over the life of the materials, whether or not the bids comply with the minimum requirements, and such alternates, unit prices, availability, delivery time and any other data the bidder may provide with his bid. This may be done by means of past experience or research. Initial cost may not determine low bid. In case of error or discrepancy in the mathematics of the bid price, the unit prices shall prevail.

## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

**Note:** If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
- I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

- The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN.
